Overall Designation and Findings

The purpose of monitoring is to assess the strengths and areas needing improvement at each virtual school. Each year, local education agencies (LEAs) monitor the instructional, fiscal, and operational practices within their virtual schools using a state-defined series of common practices and statutory requirements. This report reflects the LEA's findings during the monitoring process. The monitoring strands and assurances can be viewed within the [Monitoring Domains](#) section of this report. Below is the LEA's overall findings and areas of notability.

---	--	---

Overall Findings:

Based on monitoring findings compiled for Tennessee Connections Academy (TNCA), TNCA is approaching expectations for Johnson County School District's instructional, fiscal, and operational expectations.

Strengths:

1. Based on monitoring findings, TNCA creates a flexible learning environment for students. (Instructional Practices and Procedures Indicator 3)
2. Based on monitoring findings, TNCA has a clear and concise process to identify and document fiscal needs for budgeting cycles. (Fiscal Budgeting 1)
3. Based on monitoring findings, TNCA has a strong system of support in place to support students who are chronically absent. (Attendance Indicator 3)
4. Based on monitoring findings, TNCA has a strong system of support to track student safety and well-being. (Staffing and Operations Indicator 1)

Notable Areas for Improvement:

1. Based on monitoring findings, Tennessee Connections Academy needs to ensure that Tennessee State approved curriculum (textbooks) are used for student instruction. (Instructional Assurance 2)
2. Based on monitoring findings, TNCA needs to provide a state approved RtI screener for grades 4-12 (Instructional Assurance 6, Special Population 1)
3. Based on monitoring findings, TNCA has an existing progressive truancy intervention plan for students, but it does not mirror that of Johnson County Schools. (School Operations Assurance 2)
4. Based on monitoring TNCA does not notify Johnson County Schools of the enrollment of students residing within another school district's jurisdiction by August 1. (School Operations Assurance 3, Enrollment Indicator 3)
5. Based on monitoring findings, TNCA did not fully evaluate two teachers per state requirements during the 2021-2022 school year. (School Operations Assurance 8)

**Plan to Address
Notable Areas for
Improvement:**

Johnson County School District's central office (CO) administrators will assist Tennessee Connections Academy leadership team in each of the following:

1. TNCA is working to have a state approved math curriculum in place for the 2023-2024 school year. Due to non-adoption year for ELA curriculum, TNCA will review their ELA curriculum and will have a state approved curriculum in place after the next adoption cycle.
2. *TNCA is reviewing state approved screeners for the 2023-2024 school year.*
3. Developing attendance procedures that will mirror Johnson County Schools Progressive Truancy Intervention policy per board policy.
4. *A process is being developed to ensure that Johnson County Schools will be notified of student enrollment of student's residing within another school district. This plan will be in place by January 2023.*
5. *TNCA school leadership has a plan to audit the teacher evaluation process and progress three times per year to ensure that all teachers receive the appropriate number of evaluations.*

Domain 1 Findings: Instruction

Meeting Expectations

Approaching Expectations

Below Expectations

Strengths:

TNCA offers/allows an advanced or accelerated learning path that is flexible for its students. TNCA handbook, course catalog, and school master schedule demonstrated the learning path and its flexibility for families. (Instructional Practices and Procedures Indicators 3 and 4)

**Notable Areas for
Improvement:**

TNCA TCAP scores did not meet the Annual Measurable Objective. (Instructional Practices and Procedures Indicator 1)
TNCA did not meet the 95% student testing rate set by the state for 2021-2022. (Instructional Practices and Procedures Indicator 5)

Domain 2 Findings: Fiscal Management

Meeting Expectations

Approaching Expectations

Below Expectations

Strengths:

TNCA has a clear and concise process in place with Pearson to identify and document fiscal needs for budgeting cycles. Families do not pay fees or tuition to attend TNCA due to being a public online school. (Fiscal Budgeting Indicators 1 and 2)

**Notable Areas for
Improvement:**

No notable areas for improvement were found in the Fiscal Management Section.

Domain 3 Findings: School Operations

☐ Meeting Expectations	✓ Approaching Expectations	☐ Below Expectations
Strengths:	TNCA has a System of Escalation in place to support students who are chronically absent. Counselors are assigned to work with chronically absent students (Attendance Indicator 3) TNCA provided a Student/Academic Handbook along with screening criteria to communicate the enrollment process for families. (Enrollment Indicator 1) TNCA provided evidence to show how they monitor the safety and well-being of all students through teacher observation and use of the Escalation system. (Staffing and Operations Indicator 1) If a family has a hardship case and does not have access to technology, it will be provided if determined that it is needed. TNCA also provides and internet subsidy for families.(Technology and Instructional Materials Indicator 1)	
Notable Areas for Improvement:	TNCA needs to develop a timeline and process for communicating to Johnson County Schools of the enrollment of students residing within another LEA's jurisdiction by August 1. (Enrollment Indicator 3) TNCA uses the STAR Early Literacy Screener (state approved) for students in grades K-1. TNCA needs to provide a state approved screener for grades 2-8 (currently uses STAR Reading and Math, which are not state approved) (Special Populations Indicator 1)

Domains and Strands At-a-Glance

The purpose of monitoring is to assess the strengths and areas needing improvement at each virtual school. This report reflects the current state of the virtual school being monitored.

Each virtual school is monitored to determine an overall designation through a series of domains and strands as categorized below:

- Domain 1: Instruction
 - o [Assurances](#)
 - o [Strand 1.1: Instructional Practices & Procedures](#)

- Domain 2: Fiscal Management
 - o [Assurances](#)
 - o [Strand 2.1: Fiscal Budgeting](#)

- Domain 3: School Operations
 - o [Assurances](#)
 - o [Strand 3.1: Attendance](#)
 - o [Strand 3.2: Enrollment](#)
 - o [Strand 3.3: Staffing & Operations](#)
 - o [Strand 3.4: Technology & Instructional Materials](#)
 - o [Strand 3.5: Special Populations](#)

Designation Methodology

The LEA will assign the virtual school a designation level based on the percentages of applicable indicators and assurances as indicated in the table below. Use the tables and formula below to calculate the school designation level.

Designation Levels		
Meeting Expectations = 80-100% of Indicators Met	Approaching Expectations = 60-79% of Indicators Met	Below Expectations = Below 60% of Indicators Met

Formula for calculating school designation levels:

$$\text{Designation Level} = \left(\frac{\text{Sum of Indicator Ratings} + \text{Sum of Assurance Ratings}}{\text{\# of Applicable Indicators} + \text{\# of Assurances}} \right) \times 100$$

Assurance Rating Table

Each monitoring domain has associated assurances that are drawn from Tennessee statutes and Tennessee State Board of Education (SBE) rules. The included assurances are indicators of statutory and regulatory compliance and are not an exhaustive list of statutes, rules, or regulations that govern virtual schooling. For each assurance, the LEA's director of schools or their designee will choose either yes or no signifying compliance or non-compliance. If non-compliant assurances are identified, the LEA's director or schools or their designee must provide a statement outlining the steps the LEA and/or virtual school will take to come into compliance with the non-compliant assurance. The LEA will assign a numeric value to each assurance based on the tables below.

<i>Compliant with Assurance</i>	<i>Non-compliant with Assurance</i>
– The LEA's director of schools or their designee attests that the virtual school is fully compliant with the listed assurance.	– The LEA's director of schools or their designee attests that the virtual school is not fully compliant with the listed assurance.

Numeric Value of Assurance Ratings	
<i>Compliant with assurance = 1</i>	<i>Non-compliant with Assurance = 0</i>

Indicator Rating Table

LEAs will rate how the virtual school aligns to each applicable indicator within the monitoring strands. The LEA will assign a numeric value to each applicable indicator based on the tables below. Certain indicators may not be applicable to the virtual school; these indicators should not have a numeric value assigned and should be marked as “Indicator Not Applicable”.

<i>Fully Meets the Indicator</i>	<i>Partially Meets the Indicator</i>	<i>Does Not Meet the Indicator</i>	<i>Indicator Not Applicable</i>
<ul style="list-style-type: none"> – School provides evidence that aligns fully with the elements addressed in the indicator – Provided evidence shows fulfillment or compliance of the indicator – One or more pieces of evidence are provided 	<ul style="list-style-type: none"> – School provides evidence that aligns partially with the elements addressed in the indicator – Provided evidence shows progress towards fulfillment or compliance of the indicator – One or more pieces of evidence are provided 	<ul style="list-style-type: none"> – School does not provide evidence that satisfies the elements addressed in the indicator – School provides evidence that does not address the indicator – School does not provide evidence 	<ul style="list-style-type: none"> – The indicator is not applicable due to grade-level configuration – The indicator is not applicable due to absence of previous year accountability data – The indicator is not applicable due to LEA policy <p>Note: LEA must enter rationale when choosing indicator not applicable.</p>

Numeric Value of Indicator Ratings			
<i>Fully Meets the Indicator = 1</i>	<i>Partially Meets the Indicator = .5</i>	<i>Does Not Meet the Indicator = 0</i>	<i>Indicator is Not Applicable = No Numeric Score</i>

Accountability Data

School accountability data is taken directly from the Tennessee State Report Card and reflects the prior year's data. Schools that opened in the current academic year will not have state report card data; the LEA should put N/A in this section for these schools.

Overall Academic Growth

Student growth measures the academic growth rates of groups of students from year to year. Schools are rated as Level 1 through Level 5. Level 1 indicates significant evidence that students are making less than expected growth while Level 5 indicates significant evidence that students are making more than expected growth.

School Wide Growth Score	District Wide Growth Score
Level 1	Level 1

Success Rate

Success rate represents the percentage of students that scored on track or mastered on annual state tests.

Monitoring Domains

Domain 1: Instruction

Assurances

1. The virtual school uses technology to deliver a significant portion (majority) of instruction to its students via the Internet in a virtual or remote setting.

Yes No

If not, what is the school's plan to come into compliance?

2. The virtual school provides access to a sequential curriculum that meets or exceeds the academic standards adopted by the State Board utilizing state-approved textbooks and instructional materials unless a waiver has been granted to the LEA in accordance with T.C.A. § 49-6-2206 and State Board Rule 0520-01-18.

Yes No

If not, what is the school's plan to come into compliance?

MATH

Based on the information shared by the state of Tennessee as part of the recent mathematics textbook approval process, no changes are needed regarding the mathematics instructional materials currently being used during this 2022-2023 School Year (SY).

Looking ahead to the 2023-2024 SY, we'd like to request that Johnson County submit a waiver request to continue with the Pearson Virtual Schools (PVS) mathematics curriculum. We believe the curriculum is worthy of a waiver due to both its coverage of Tennessee

state standards for mathematics instruction as well as the online, interactive nature of the curriculum. This online curriculum is very different from the presentation of learning material found in a physical textbook and has been developed based on our 20+ years of experience with online learners.

If a waiver request to use the PVS math curriculum is submitted but denied, we will continue to support Johnson County and TNCA with an alternative solution. PVS will source state-approved materials and make them available to teachers and students along with the mathematics instructional materials we currently provide.

ELA

During the previous ELA approval cycle in 2020, the state of Tennessee did not review or approve digital instructional materials. The new approval process by the state that includes digital instructional materials did not go into effect until the recent 2022 reviews of math curriculum. It is our understanding that the ELA curriculum review and approval cycle is not scheduled to happen again until 2024. Based on this information, we believe the current ELA curriculum provided by PVS does not fall under the old approval guidelines and it is appropriate to continue with its use until the new renewal cycle in 2024.

3. The virtual school provides instructional materials and ensures access to necessary technology, such as a computer, printer, and Internet connection, to each family with a student enrolled in the virtual school.

Yes No

If not, what is the school's plan to come into compliance?

[Click or tap here to enter text.](#)

4. The virtual school provides the same length of time for learning opportunities per academic year that is required under T.C.A. § 49-6-3004 for public school students (minimum of 180 days of instruction and 6.5 hours per day).

Yes No

If not, what is the school's plan to come into compliance?

[Click or tap here to enter text.](#)

5. The virtual school fully complies with requirements for physical activity and physical education pursuant to T.C.A. § 49-6-1021(e)-(f) and State Board Policy 4.206.

Yes No

If not, what is the school's plan to come into compliance?

6. The virtual school fulfills the requirements to implement the Response to Instruction and Intervention (RTI²) framework adopted by the State Board in accordance with State Board Rule 0520-01-03-.09.

Yes No

If not, what is the school's plan to come into compliance?

According to the TN Universal Reading Screener Document, released by state in September 2021, we are meeting the Universal Screening requirements for Kindergarten - Third grade. However, as specified on page 1 of the linked document, this requirement of a specific, state-approved, screener is unique to grades K-3 only and is linked to the Tennessee Literacy Success Act. The STAR Early Literacy Screener is listed as an option on the approved list and therefore satisfies the requirement.

The Tennessee State Response to Intervention Manual (p.19), states that K-8 and 9-12 schools/districts should adopt a norms-based universal screener. STAR Reading and STAR Math Screeners are popular, norms-based screeners and meet the requirements outlined by the TN RTI Implementation Manual, 1.3 Universal Screener Rubric. Neither the Response to Intervention or Implementation Manuals specify a set list of screeners for grades 4-12. Therefore, we do believe that our current screeners meet the assurance.

It is important to note that, although we can not change our universal screen choice for the 22/23 school-year, TNCA is reviewing other choices for the 23/24 school-year. This includes the possibility of procuring NWEA Measures of Annual Progress and/or iReady.

2. The virtual school implements the establishing LEA's progressive truancy intervention plan for students enrolled at the virtual school.

Yes No

If not, what is the school's plan to come into compliance?

After meeting with Johnson County for the Virtual Monitoring Visit, we immediately started to make changes to the progressive truancy intervention plan. The new policy matches that of Johnson County in terms of levels of absences, and intervention intensity. The new TNCAJ Standard Operating Procedure for Attendance and Truancy is under development by the school leadership team. The full, updated plan should be published and in place by January 2023.

3. On or before August 1 of each year, the virtual school notifies all LEAs of the enrollment of students residing within another LEA's jurisdiction. The virtual school notifies the LEA of residency within two (2) weeks when enrollment changes occur relative to students residing within that LEA of residency's jurisdiction pursuant to State Board rule 0520-01-03-.05(1)(d).

Yes No

If not, what is the school's plan to come into compliance?

The School Leader will meet with attendance/truancy, withdrawal and lead administrative assistants to determine and develop a standard operating procedure that ensures this required process. This process will be in place by the start of the second semester during the 22/23 school-year (Jan. 2023).

4. The virtual school does not enforce selective enrollment criteria for a student to attend the virtual school if the student resides within the residency zone of the LEA establishing the virtual school pursuant to T.C.A. § 49-16-211.

Yes No

If not, what is the school's plan to come into compliance?

8. The virtual school annually evaluates all teachers employed by the LEA serving as teacher of record within the virtual school pursuant to T.C.A. § 49-1-302 and State Board Rule 0520-02-01.

Yes No

If not, what is the school's plan to come into compliance?

During the 22/23 school year, the School Leader will audit teacher evaluations (using TN Compass) three times. The last audit will take place one month before the end of the school-year to ensure that all teachers have completed evaluation cycles.

9. The virtual school and the LEA establishing the public virtual school maintains and provides to the Department of Education accurate records and information regarding the operation and compliance of the virtual school.

Appendix A: Glossary of Terms and Acronyms for Virtual School Monitoring

The acronyms and nomenclature below are used throughout the framework.

Terms	Acronym/Short Term	Meaning
Academic Achievement		The percentage of students performing on grade level or above on state assessments as well as the improvement in this percentage from one year to the next.
Advanced Placement	AP	Early post-secondary courses offered that allow students to engage with highly rigorous course work.
Annual Measurable Objective	AMO	Yearly targets for improving performance based on prior year results.
Assurances		Statements aligned to Tennessee statutes, rules, and/or guidance that virtual schools and LEAs operating virtual schools must comply with.
Asynchronous Virtual Instruction		An instructional model that provides students access to on-demand instruction that is fully virtual/online. This model allows students to access instructional materials and progress at their own pace and does not require students to attend regularly scheduled (daily/every other day) virtual classes with a teacher.
Bisynchronous Virtual Instruction		An instructional model that utilizes both asynchronous and synchronous virtual instruction.
Career & Technical Education	CTE	Career & Technical Education consists of nationally recognized career clusters with the goal of preparing students for success at the postsecondary level and in their chosen careers.
Chronically Absent		Tennessee public school students are considered chronically absent if they are absent for 10 percent or more instructional days for any reason, including excused absences and out-of-school suspensions.
College and Career Readiness		See Ready Graduate
CTE Concentrator		A student who concentrates in CTE by at least 2 sequenced courses in a single career and technical education program or program of study.

Terms	Acronym/Short Term	Meaning
Dual Credit	DC	Statewide (SWDC) and Local Dual credit (LDC) courses are high school course aligned to a postsecondary institution's course and exam. Students who pass the exam earn credits that are accepted and/or recognized by the postsecondary institution.
Dual Enrollment	DE	Postsecondary course taught either at the postsecondary institution or at the high school, by postsecondary faculty or credentialed adjunct faculty.
Early Post-Secondary Opportunities	EPSO	A course and/or exam that give students a chance to obtain postsecondary credit while still in high school.
Economically Disadvantaged	ED	Students identified as participants in federal/state income/nutrition programs (e.g., TANF, SNAP), or students that meet categorical eligibility through their status as foster care, homeless, migrant, and/or runaway students.
English Learner	EL	Student identified by the LEA that have a native language other than English. EL student needs and placement can range across a spectrum of ESL/ELL services.
Graduation Rate		Measures the percentage of students that are graduating in four years and whether this percentage is increasing from one year to the next.
Hybrid Virtual Instruction		An instructional model that provides students access to virtual instruction and requires students to periodically attend class in-person within a brick-and-mortar location.
Individual Learning Plans	ILP	A document that describes an EL student's academic and language needs and goals.
Individualized Education Plan	IEP	A document that identifies a student's disability, outlines clear goals and objectives, and explains how the student will be supported.
Individuals with Disabilities Education Act	IDEA	A federal law that ensures students with a disability are provided with Free Appropriate Public Education (FAPE) that is tailored to their individual needs.
In-district Enrollment		Enrollment option for students who reside within the zone of residency of the LEA establishing the virtual school.
Inform TN		A data and planning system that districts use to review accountability data and enter school/district plans.
Local Education Agency	LEA	The school district that oversees the virtual school.

Terms	Acronym/Short Term	Meaning
Monitoring Domain	Domain	High-level topics that LEAs operating a virtual school are statutorily obligated to monitor on an annual basis. The domains are divided into monitoring strands.
Monitoring Framework		A series of documents that define and outline standardized monitoring practices for virtual schools and LEAs operating virtual schools.
Monitoring Indicators	Indicator	Items aligned with state statute, regulation, and/or TILS that LEAs will use to determine if the school is meeting the LEA's operational expectation.
Monitoring Strand	Strand	Topics that LEAs should focus on when monitoring their virtual schools. Strands are high-level topics that are divided into monitoring indicators.
Out-of-district Enrollment		Enrollment option for students who reside within a contiguous county, municipality, or city outside the zone of residency of the LEA establishing the virtual school.
Ready Graduate		Measures whether students are ready for college and careers after high school and whether the percentage of students who are ready is improving from one year to the next.
State-wide Enrollment		Enrollment option for students who reside outside the zone of residency of the LEA establishing the virtual school and do not reside in a contiguous county, municipality, or city.
Students With Disabilities	SWD	A student who has been identified to have a disability that affects their academic progress.
Success Rate		The one-year success rate represents the percentage of students that scored on track or mastered on annual state tests.
Synchronous Virtual Instruction		An instructional model that provides scheduled, teacher supervised instruction that is fully virtual/online. This model of instruction does require students to attend regularly scheduled (daily/every other day) virtual classes with a teacher.
Tennessee Comprehensive Assessment Program	TCAP	Tennessee Comprehensive Assessment Program includes TNReady assessments in math, English language arts, social studies, and science, as well as alternative assessments, like MSAA and TCAP-Alt, for students with special needs.
Tennessee Instructional Leadership Standards	TILS	Core performance indicators of ethical and effective instructional leaders.
Tennessee Value-Added Assessment System	TVAAS	Tennessee accountability component that measures student growth year over year.

Terms	Acronym/Short Term	Meaning
Virtual Instruction		Instruction that is asynchronous, synchronous, or bisynchronous.
