School's State Report Card

Families and community members deserve accessible, understandable information about Tennessee schools. Currently, the State Report Card includes a dashboard of detailed, easy-to-understand information about the key indicators families can use to understand school and district performance, including achievement, growth, attendance, English learners' proficiency in English, graduation rate, and postsecondary readiness of students. Information about schools and districts, including student enrollment, contact information, staff information, school and district expenditures and funding, and longitudinal data on student performance over the past four years. State-level data is also provided as a reference to understand how schools and districts are performing in comparison with others across the state.

Appendix: Definitions of Terms

Enrollment Types	Explanation
In-district Enrollment	Enrollment option for students who reside within the zone of residency of the school district that established the virtual school.
Out-of-district Enrollment	Enrollment option for students who reside within a contiguous county, municipality, or city outside the zone of residency of the school district establishing the virtual school.
State-wide Enrollment	Enrollment option for students who reside within Tennessee and outside the zone of residency of the school district that established the virtual school.

Instructional Model	Explanation
Asynchronous Virtual Instruction	An instructional model that provides students access to on-demand instruction that is fully virtual/online. This model allows students to access instructional materials and progress at their own pace and does not require students to attend regularly scheduled (daily/every other day) virtual classes with a teacher.
Bisynchronous Virtual Instruction	An instructional model that utilizes both asynchronous and synchronous virtual instruction.
Hybrid Virtual Instruction	An instructional model that provides students access to virtual instruction and requires students to periodically attend class in-person within a brick-and-mortar location.
Synchronous Virtual Instruction	An instructional model that provides scheduled, teacher supervised instruction that is fully virtual/online. This model of instruction does require students to attend regularly scheduled (daily/every other day) virtual classes with a teacher.
